Solutions from Source to Tap: The Sectors We Serve

NSF

Examples of Standards and Services

Source
Aquifer, lake, well, etc.

NSF/ANSI/CAN 61

Intake grates

Well casings

Submersible pumps and motors

NSF/ANSI/CAN 60

Well drilling aids

Well rehabilitation aids

Algaecides

Molluscicides

Water Treatment Plant

NSF/ANSI/CAN 61

Treatment tanks

Filter underdrains

Chemical generators

Chemical feeders and pumps

Chemical storage tanks

Filtration media

NSF/ANSI/CAN 60

Coagulants/flocculants

pH adjusters

Disinfectants

Corrosion and scale control

RO antiscalants

Fluoridation

NSF/ANSI 419

Membranes

Bag and cartridge filters

ABNT NBR 15784

Chemicals - Drinking Water

Reservoirs and Storage Tanks

NSF/ANSI/CAN 61

Water storage tanks

Tank and reservoir liners

Tank coatings

Static mixers

Distribution System

NSF/ANSI/CAN 61

Pipes and fittings

Valves

Fire hydrants

Pipe coatings

Cured in place pipe liners

Pumps

NSF/ANSI 14

Large diameter plastic pipe and fittings

Homes and Businesses

NSF/ANSI/CAN 61

Pipes and fittings

Water meters

Faucets and components

Point-of-entry filters

Valves

Manifolds

NSF/ANSI 14

Potable Water

Fire Sprinkler Systems

NSF/ANSI 42, 53 & 401

Point-of-use and Point-of-entry filters

Filter pitchers

Refrigerator filters

NSF/ANSI 44

Water softeners

NSF/ANSI 55 & 58

Point-of-use and point-of-entry UV treatment

Point-of-use reverse osmosis systems

Pool and Spas

NSF/ANSI/CAN 50

Swimming pool equipment

Swimming pool safety

ENERGY STAR – Pool pumps

Sewer Lines and Residential Wastewater

NSF/ANSI 14

Drain, waste, vent pipe and fittings

CIPP liners for sewers

NSF/ANSI 40 and 245

On-site residential wastewater treatment systems

Nitrogen reduction

NSF/ANSI 46

Wastewater components and devices

NSF/ANSI 350

Onsite greywater and wastewater reuse systems

NSF/ANSI 385

Disinfection mechanics

CAN/BNQ 3680-600

Canadian wastewater standard

Hospitality and Industry

Legionella risk assessments

Water Management Plans

Electrical Safety

NRTL Certification

Field Evaluations

NSF.ORG
